Game Changers in Paediatric Anaesthesia

CALLING ALL THOSE WHO'VE 'BEEN THERE AND DONE THAT'

Paediatric anaesthesia is as exact as a science can be, but we all know that there is an element of 'gut' and 'feel' involved. We want to hear it from those who've seen the field change in the light of some dramatic 'Game Changers'. Tell us about what **YOU** feel like the most dramatic game changer has been, in your career, as a paediatric anaesthesiologist.

The following are the goals; Tell us:

1. What was the game changer in your time - it should belong one of the following categories Block
 - Monitor
 - Drug
 - Device
 - Change in practice/performance
 - Teaching and training innovation

These have to have been changes that YOU have personally seen happening and have inculcated into your practice

2. Tell us how it changed your practice for the better and why? Give us a before and after
3. Did you have a challenges in incorporating this 'game-changer'? If so what were they and how did you overcome them?
4. What is a negative of the 'Game Changer' that you have seen? What do you believe makes it worth the while despite this negative?
5. One example of what you think could be a 'Game-Changer' in the coming years

At the end of the presentation, we want to understand what changed YOUR game.

RULES :

- Conference registration is mandatory for participation
- Who can participate: Anyone with a story to tell
- Send us a presentation, that would take 7 min to present.
- No more than 20 slides excluding introductory slide and 'Thankyou' slide
- A brief curriculum vitae slide should be the first slide of your presentation, please mention years of experience in paediatric anaesthesia in this slide
- Title slide should include the name of the 'Game Changer' that you will be speaking about and the category to which it belongs. Note: only ONE category can be picked, and only ONE 'Game Changer' can be spoken about. Being specific adds points.
- From amongst all the entries, 10 will be selected and video recorded presentations will be requested.
- A final 3 will be shortlisted to speak to us at IAPA 2025.

GRADING :

- Suitability/appropriateness of topic
- Ability to achieve all the goals as stated above
- Personal journey elucidated clearly
- Ingenuity and creativity in presentation – this could come from content, quality of the presentation, pictures, videos – anything that sets you and your story apart
- Take home message for the next generation

Last date for submission: January 10th, 2025

Round 1: Results will be announced by January 20th, 2025

Round 2: Video recorded presentations to be submitted by January 27th, 2025.
Finalists will be notified by February 5th, 2025

ON THE DAY OF PRESENTATION, ONE WINNER WILL BE SELECTED AND WILL RECEIVE AN EXCITING PRIZE!

PLEASE SEND IN YOUR QUERIES AND PRESENTATIONS VIA WHATSAPP / EMAIL TO
