As the **Organising President** and **Organising Secretary**, we are delighted to host this prestigious event in the vibrant and dynamic city of Bengaluru. This year, we are excited to offer four high-impact, expert-led hands-on workshops, designed to enhance clinical proficiency and practical understanding in the key areas of paediatric anaesthesia **(i) Ultrasound-Guided Regional Blocks (ii) POCUS in Paediatrics (iii) Paediatric Airway Management (iv) Paediatric Haemodynamic Monitoring**.

These workshops aim to deliver immersive learning experiences, guided by renowned experts in the field, and will provide invaluable skills that can be directly applied to everyday clinical practice. We warmly welcome experienced practitioners, emerging anaesthesiologists, researchers, and postgraduate students to join us in celebrating the spirit of paediatric anaesthesia. Let us come together to learn, connect, and continue raising the standards of care for our young patients.
